

An abstract graphic on the left side of the slide, consisting of a complex network of glowing blue lines and dots. The lines form a series of interconnected, somewhat circular shapes that resemble a stylized 'U' or a series of overlapping loops. The dots are small, bright blue spheres scattered throughout the network, some appearing to glow more intensely than others. The overall effect is that of a digital or data network.

UNIFIN Corporate Presentation | 1Q22

Corporate Summary

- 1 UNIFIN focuses on providing financing solutions to the growing and underserved SME market through a variety of financial services, lead by leasing
- 2 With over 28 years of experience, UNIFIN is the largest independent Non-banking Financial Institution (NBFI) in Mexico
- 3 UNIFIN is a public entity with a successful capital market track record, in both local and international markets
- 4 In 2019, the Company adopted IFRS to enhance transparency and improve comparability with industry peers

The credit market for SMEs in Mexico is attractive and underserved

Mexico: Largest Financing Gap for SMEs in Latam

Source: SME Finance Forum (2019)

UNIFIN's Target Market: +239,000 SMEs

Sources: Base Point of Interest, Pitney Bowes 2019

SMEs are underserved in Mexico

Lack of Information

Difficulty in tracking the credit history and financial performance of SMEs due to the lack of data stored by informal businesses

Costs

A traditional bank's high operational costs, from prospecting to collection, does not allow them to generate adequate returns with many SMEs

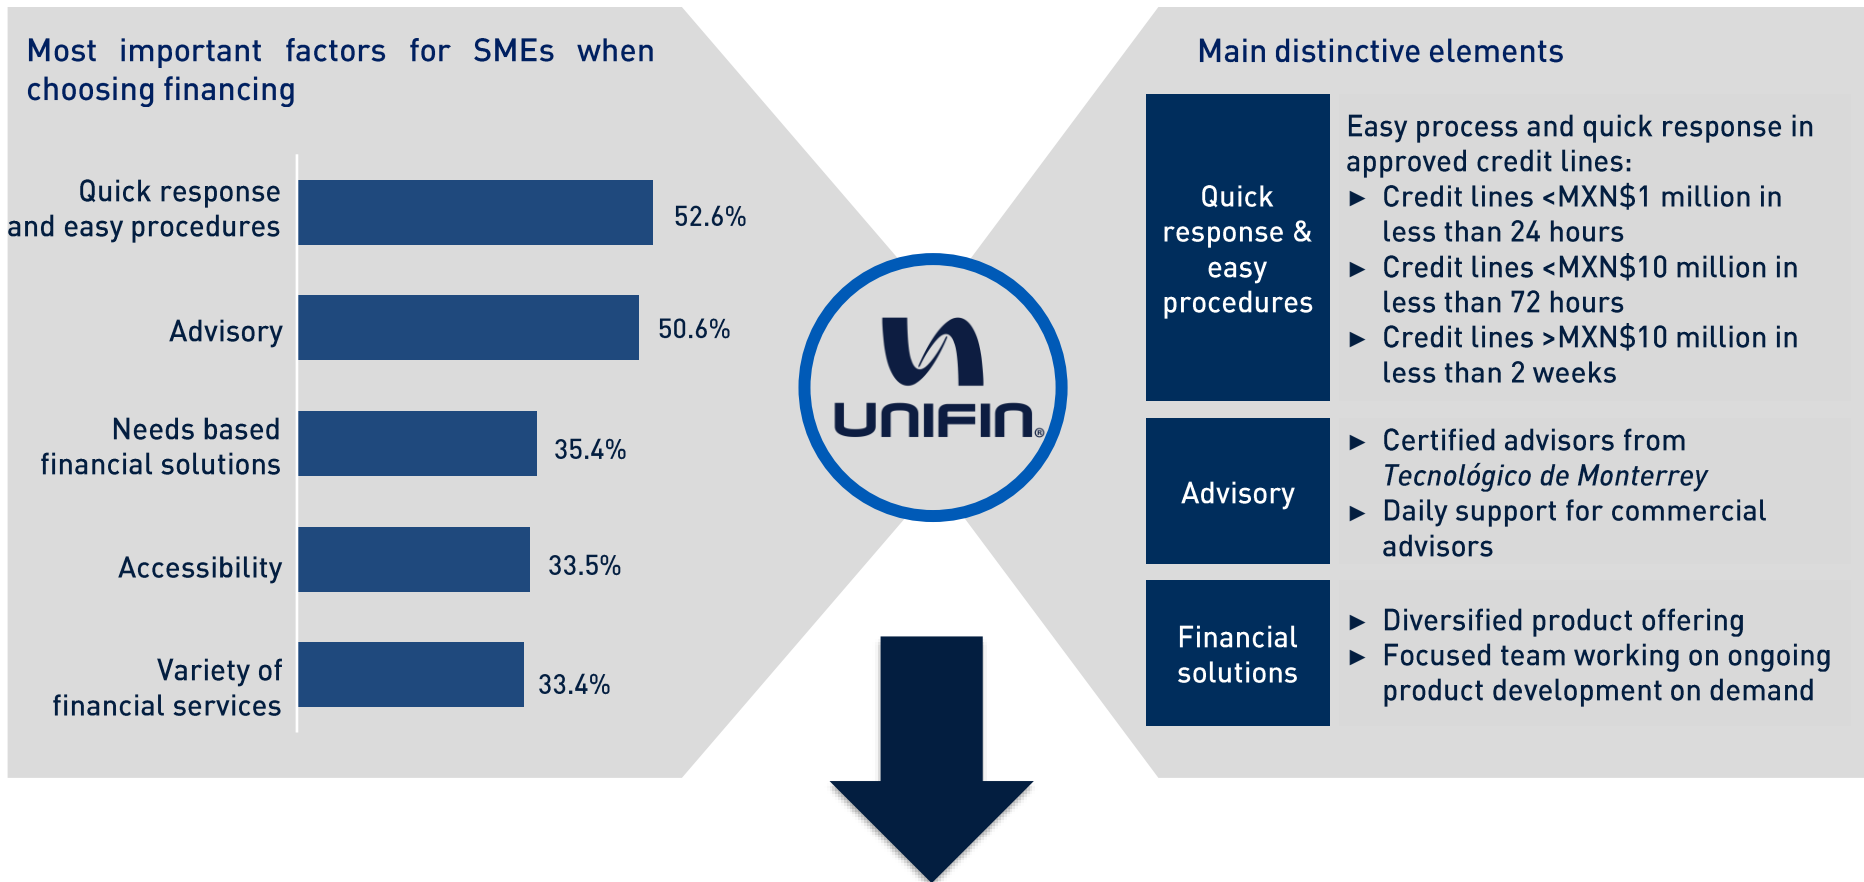

Lack of Guarantees

There is often no collateral available to compensate for credit risk

Regulations & Policies

Due to compliance with multiple local and international regulations, Banks usually focus on large clients and do not address some sectors

UNIFIN focuses on addressing SMEs' key loan requirements

UNIFIN's target market: 239,000 SMEs

- | | | | |
|---|---|-----|--------------------|
| 1) Revenues of MXN\$10 to \$1,000 million | } | 92% | <MXN\$100 mm |
| 2) 10 - 500 employees | | 7% | MXN\$101 to 500 mm |
| 3) Solid credit history | | 1% | >MXN\$500 mm |

UNIFIN's Competitive Advantages

- Unique product offering compared to banks
- Strong focus on new client prospects
- Faster response and easier procedures vs competition
- Ample financial liquidity through diversified funding sources

Ranking vs Bank SME Financing

Attract and Retain Profitable Customers

Working Capital (cross-default)

-  Prequalified client with good payment history and at least one leased asset
-  Up to MXN\$3 million
-  3, 7 or 14 days
-  No interest rate / 5% fee
-  Same legal representatives and guarantees for leasing (cross-default)

Working Capital (unsecured)

-  SMEs and individuals with business activities
-  Up to MXN\$3million
-  3, 6, 9 or 12 months
-  30% - 40% interest rate / 3% fee
-  Domiciliated payment / Unsecured

Fleet Services

-  SMEs and individuals with business activities
-  Manage, monitor and maintain our clients' fleets nationwide
-  Two services:
 - 1) Full service lease: all-inclusive lease scheme
 - 2) By event: independent management of whether vehicles are leased or not

Insurance Brokerage

-  SMEs, natural and legal persons
-  12 or 48 months
-  Two classifications:
 - 1) Insurance for UNIFIN assets
 - 2) Insurance for clients (any line of insurance)

In light of the fundamental importance of data availability we have deployed an AI platform to support our operations and growth:

Intelligent interface for data extraction from multiple sources for parametric credit analysis

Dashboard that supports clients with valuable reports. This support information gathers interesting insights for UNIFIN

Credit score algorithm that enhances the placement of quality loans through non-traditional mechanisms

AI Interpreter which identifies client needs and provides valuable data on customers' communications

Software that interprets data contained in text images for KYC documentation and legal validation

Relocation and opening of new offices based on qualitative and quantitative analysis performed by BI and Economic Analysis teams

The 18 states where UNIFIN operates represent 80.7% of Mexico's GDP and 67.0% of SMEs

- **North:** Nuevo Leon, Tamaulipas, Coahuila
- **Northwest:** Chihuahua, Baja California Norte, Sonora, Jalisco
- **Bajio:** Queretaro, Guanajuato, San Luis Potosi, Aguascalientes
- **Metro:** Mexico City, State of Mexico, Puebla
- **South:** Veracruz, Yucatan, Quintana Roo, Tabasco

Where to play in 2022?

UNIFIN has already identified opportunities for the upcoming years based on analysis and projections

Strategic Sectors

Agroindustry: migration to intensive processes in machinery and equipment, dynamism of the sector and lack of financial penetration

Manufacturing: focused mainly on exporting companies

Transportation: light and heavy vehicles

Services: strength of internal consumption, social programs and strong flow of remittances

Energy and infrastructure

Strategic Regions

Bajio: Guanajuato, Queretaro, Aguascalientes

Northwest: Chihuahua, Jalisco, Baja California

North: Nuevo Leon, Coahuila

South: Quintana Roo and Yucatan

UNIFIN changed its SOFOM GAAP reporting to IFRS (international standard) to provide greater transparency, additional disclosure and make its information more comparable to peers

Balance Sheet and P&L Impact

	Impact Summary
Portfolio ¹	• Total portfolio of leasing, factoring & auto loans is now 100% registered on the balance sheet, contrary to SOFOM GAAP
PP&E	• IFRS only registers owned assets vs SOFOM GAAP which registers assets under operating lease & owned assets
Stockholders' Equity	• Initial impact due to IFRS as retained earnings change
Total Revenues	• IFRS does not capture capital reimbursement, investment income and FX income
Financial Margin	• Main impact is to expenses. IFRS registers interest expense and SOFOM GAAP registers other lease expenses
Net Income	• Result of all the above, among others

Main Financial Metrics Impact

	Impact Summary
Capitalization Ratio	• Decrease of Total Equity greater than the decrease in Total Assets
Financial Leverage ²	• Decrease of Total Equity
Total Leverage ²	• Decrease of Total Equity
Total Portfolio ³	• IFRS only registers the NPV of the leasing portfolio vs SOFOM GAAP that registers principal & accrued interests
ROE	• Decrease of Total Equity greater than the decrease in Net Income
ROA	• Decrease of Total Assets greater than the decrease in Net Income
NPLs	• SOFOM GAAP only registers 90 day accrued rentals of leasing vs IFRS which registers outstanding balance
Coverage Ratio	• SOFOM GAAP only registers 3-month rentals for leasing NPL vs IFRS which registers 100% of the NPL outstanding balance

Note: Preliminary figures subject to independent auditor revision.

(1) Balance sheet account

(2) Excluding securitizations

(3) Memorandum account for SOFOM GAAP

About Unifin

UNIFIN is a non-regulated Mexican leasing company, operating as a non-banking financial services company, specializing in three main business lines: operating leasing, factoring and auto and other lending. Through UNIFIN's leasing business line, its core business line, the Company offers operating leases for all types of equipment and machinery, various types of transportation vehicles (including cars, trucks, helicopters, airplanes and other vessels) and other assets in a variety of industries. Through its factoring business line, UNIFIN provides liquidity and financing solutions to its customers by purchasing or discounting accounts receivables and by providing vendor financing. UNIFIN's auto loans and other lending business line is focused on financing the acquisition of new and used vehicles, while the other lending portion of this business line includes financing working capital needs and the acquisition of other capital assets.
